### TOPICS FOR TODAY

Five Year Program -Bridge Focus

Project Scheduling System – Bridge related event dates

#### 2018-2022

## IOVVA TRANSPORTATION IMPROVEMENT PROGRAM

www.iowadot.gov

#### MAJOR CATEGORIES:

4R: Interstate stewardship (Bridge and Roadway)

3R: Non-interstate roadway stewardship

BR: Non-interstate bridge stewardship

SR: Safety

NR: Non – interstate capacity enhancement

MI: Interstate capacity enhancement

#### CATEGORY EXAMPLES

4R: Polk NE mixmaster

Polk 135 Ankeny

Johnson I 80 / I 380 interchange

NR: Tama/Benton US 30

Dubuque US20/32

Plymouth US 75

Bypass—Lisbon/Mt Vernon

MI: Sioux City I 29

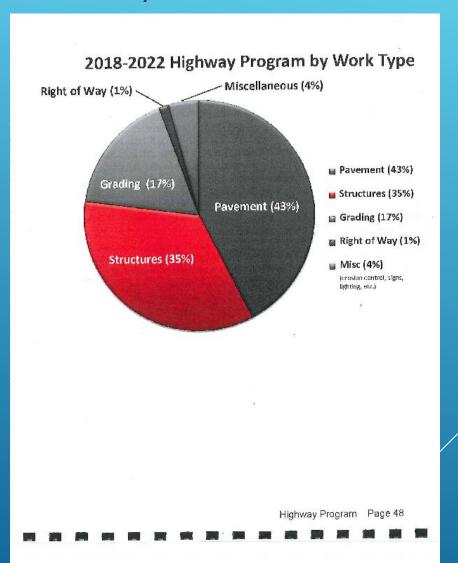

Council Bluffs 129/180

Six laning of 180 and 135

BR: Replacements, overlays, and repairs,

- ► Highway Program Ave
- \$650 to \$700 million/year

4R \$170 3R \$100 BR \$60 SR \$25 NR \$150 MI \$150

## BR FUNDING - A CLOSER LOOK

2018—2022 Program Ave \$55 million

15/20 replacements 25 overlays

2023 \$100 million

30 replacements 40 overlays

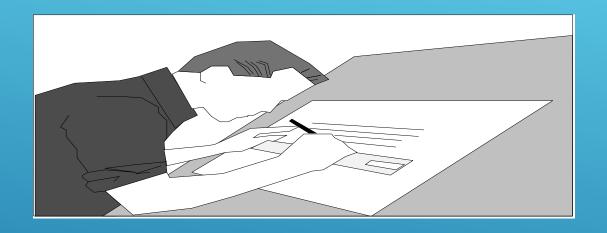

Increase 10% per year after 2023

Larger replacements: \$8 million to \$10 million range

### Innovations

- > Modular bridges
- ➤ Bridge slides
- >GRS abutments
- >Acrow bridge to maintain traffic
- >UHPC connection
- >UHPC overlays

#### PROJECT SCHEDULE UPDATE

**Statewide By District** 

Iowa Primary, Interstate Highway and other State Roads
\*Internal Working Document\*

**Date**: 04/05/2017

PSS DOCUMENT

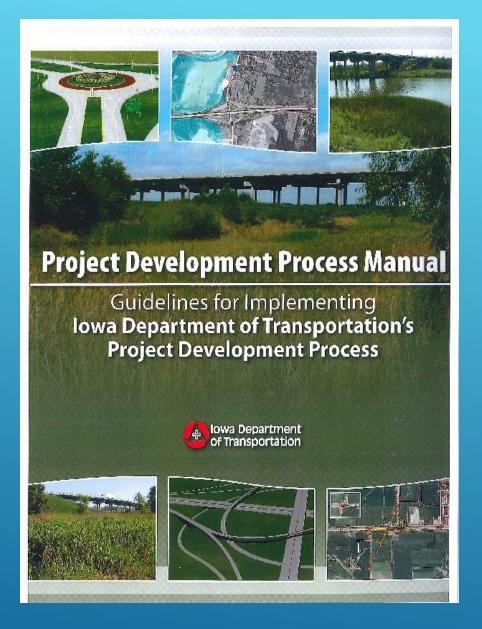

### EVENT DATES

#### Over 100 event dates identified:

- B Bridge (B0, B1, B2, B3, B4, B5)
- D Design (Road)
- R ROW
- S Soils

U utilities

ETC

PROJECT DEVELOPMENT MANUAL

#### EVENT DATE DEFINITION

- Action
- Purpose
- Input
- Output
- Affected Parties
- Responsible Office

## TIMING/COORDINATING EVENT DATES

- PMO template for Contract Development
- Utilize project schedule from PSS
- Distinguish Contract dates vs Schedule event dates
- Bridge contracts: 100 % Unapproved vs
   B3 event date
- Provide Draft event dates for review and comment

# PRELIMINARY ENGINEERING CONTRACT FOR BRIDGE REPLACEMENT

- Typically concept (D0) is complete.
- Preliminary Engineering requested to D5
- Includes D1, D2, D3, B1, B2, D5
- Submit B1/B2 same time as D3. Allows for review and comment prior to issuing B1
- B1 initiates S events and D5/ROW events
- S4 needed for final design. Include Draft S4 date for review

#### FINAL ENGINEERING

- Typically Road Design utilizes same consultant for final roadway work
- Bridge may keep final design in house
- D4 date (draft) needed to complete in house design

#### STATUS UPDATE

- Meeting with DOT staff Bi-monthly
- Discuss event date past due and upcoming
- Update Bridge on status of all upcoming B events
- S4 event status & D4 event status

#### FINAL THOUGHTS

- > Resource for event date definition
- Contract to specify draft dates (submittal) for key events
- > Provide bridge office status update on events.
